GUILD IN ROCHESTER TO HAVE FIRST MEETING OF SEASON

The Women's Guild of the Rochester First Congregational Church will hold their first meeting of the season at 2 P.M. this Wednesday, September 11th, at the home of their president, Mrs. Daniel E. Hartley, of Cushman Road.

The Women's Guild has donated to the Rochester Library a copy of John C. Caldwell's "Children of Calamity". It was a gift to the Guild from Dr. J. Calvitt Clarke, Founder and International Director of the Christian Children's Fund, in recognition of the third year that the Guild has supported Kim, their Korean adoptee. It is hoped that the reading of this book will interest others in the plight of the 400,000 orphans that are scattered all over the world as a result of war and famine.

RETURNED HOME AFTER VISIT IN ROCHESTER

Mrs. John L. Sylvia of Providence, Rhode Island, has returned to her home after spending 7½ weeks in Rochester. She spent the time with her two daughters, Mrs. Herbert Eddleston and Mrs. William McCombe.

ATTENDED HOME DEMONSTRATION PARTY

Mrs. Nathan Lawrence, Mrs. Stephen Lawrence, Mrs. Maurice Fuller, Jr., Mrs. George Lecomte and Mrs. Calvin Daggett of Rochester attended a home demonstration party on Wednesday night at the home of Mrs. Russell Lawrence in Lakeville.

ENTERTAINED AT CANDLELIGHT SUPPER

Mr. and Mrs. F. A. Peloquin and Mr. and Mrs. J. R. Dunn of Mattapoisett Neck were hosts to Mr. and Mrs. J. E. Barclay and family of Milton at a candlelight supper upon the occassion of the 25th wedding anniversary of Mr. and Mrs. Barclay. Many out of town guests were present at the celebration.

NIGHT BLOOMING CERES

Guests are always informed when such special plants as Night Blooming Ceres put forth their blossom, so rare, so delicate and so fragrant, and such was the case recently at the home of Mr. and Mrs. Lemuel LeBaron of Water Street, Mattapoisett. Not one but four blossoms came forth in all the charm and quietness of a cathedral altar.

As beautiful as they always are in the unveling of their rainment there is a sort of a mysterious quiet charm and sense of solemnity, and the scarcity of the plant has always given them an attraction hard to express.

MATTAPOISETT LITTLE LEAGUE TEAM WINS PENANT

The Mattapoisett Reds Little League Team won the penant in the Capeway League. The Reds won 11, lost 4 and tied 1. League teams are Mattapoisett Reds and Blues, Marion Cubs and Eagles, and Rochester. The Reds scored 102 runs against their opponents' 44.

POINT CONNETT ASSOCIATES HAVE ANNUAL MEETING

The annual meeting of the Point Connett Associates was held at the home of Mr. and Mrs. Ralph A. Farnham on Saturday, August 31st, at 8:30 P.M. when reports were received by the secretary-treasurer, auditor and committees. The Nominating Committee presented the following slate of officers which were elected: George C. Sheldon, president; Walter E. Longmore, vice-president; Irene L. Price, secretary-treasurer; Fletcher Clark, Jr., auditor and Harold A. Bishop, Ralph A. Farnham, Henry Guernsey and Ralph K. Price, Jr., directors.

MRS. BYRON P. DUNN PASSES AWAY

Mrs. Byron P. Dunn of Point Connett, Mattapoisett died at Tobey Hospital on Saturday, September 7th at the age of 84. She is survived by her son, Ralph C. Dunn, of Mattapoisett, a daughter, Mrs. Joseph Towle, of Fairhaven, four grandchildren and nine great-grandchildren.

She was a member of the Mattapoisett Grange for 58 years and recently was presented with a gold 50-year pin by that organization. She was also a member of the Mattapoisett Woman's Club and the Congregational Church Women's Guild. She was a member of the Mattapoisett Universalist Church which is now inactive, and she attended the Mattapoisett Congregational Church for many years.

She was born on Mattapoisett Neck and lived as a child on a large farm which included the stone quarry and the Sun Dial property, opposite the Mattapoisett Neck Road. After her marriage to Mr. Byron Dunn, the large Point Connett property which was the Dunn farm was developed into the pleasant beach property.

She was known affectionately to all as "Grandma" Dunn and was always active and interested in all things that concerned Mattapoisett.

April 3rd. Friday a part of the day there is light airs from the North and a part Calm. Our oil seems to leak and today we begin to break it out and hoist it up, cooper it and stow it down. We break out and cooper 200 barrels of oil in the fore hatch and store it down again. The weather is pleasant with a fresh breeze from the South. This night we stand three watches. At 11 tonight the wind comes faintly from the West with rain.

April 5th. Sunday we have heavy rain the first 8 hours of this day, then a fresh breeze from the West.

April 6th, Monday. Last night we had dark heavy squalls with lightning. They continue through this day. The wind is nearly West - double reefed topsails.

April 7th. Tuesday the wind is from the westward and we are visited by heavy squalls occasionally till noon when the weather is more pleasant.

April 8th, Wednesday. This day we have calms and light airs from the North and East with some rain. At 6 in the morning we saw 2 large night Whale a going NE. We chased them with four Boats 8 miles but could not get up with them. We returned on board the Ship and finished coopering our oil in the fore hatch. Now we have looked at all of our oil but that in the main hatch. It is in good condition and does not leak. The oil from the pumps was caused by a barrel of right whale oil being smashed and the leakage of some sperm oil between decks.

April 9th, Thursday. Today the wind is East and moderate. This morning we saw a gam of finbacks that Capt. Chester mistook for

sperm whale. This day we saw a sail for the first time since leaving the Sandwich Islands.

April 10th, Saturday. We this day cross the second meridian and I alter my time. We have pleasant gales from S E and arrive on Melishers Banks. We see a plenty of red whale feed but no whale.

April 12th. Sunday begins with moderate weather. At 4 in the morning the wind comes suddenly from NNE and we have strong gales all day with thick cloudy atmosphere and mist. This day we are amongst whales. We see 5 or 6. Got near some but did not strike them. They are verry shy. There is plenty of red feed. We take in sail.

April 14th, Tuesday. The first part of this day is calm, the latter part we have moderate gales from S by W. We break out and cooper 75 barrels on the starboard side of the after hatch. We found three casks in the ground tier two thirds out. It was caused by their coming imperfect from the makers hand in New London. There has been no whale in sight up to 4 P.M.

April 15th. Wednesday we have strong gales from S by W, SW and WNW with fog and rain. Nothing in sight.

April 16th. Thursday begins with fresh gales from NE. It ends with moderate gales from the same quarter. Nothing in sight. The weather is verry cold today. Saw a sulphurbottom at sunset.

April 17th. Friday begins with strong gales from East with fog and rain. In the afternoon it veers to the southward. We saw several humpbacks and sulphurbottoms. We take in sail this night as the weather looks verry wild.

April 18th. Saturday we have a gale from W and WNW. We close reef the foretopsail and set it but take it in again at 3 P. M. as the gale continues to increase and the sky and sea looks wild and fearful with occasionally a squall of hail and rain.

April 19th. Sunday the gale continues to blow heavy from NW by N with wild and furious squalls of hail and wind. We wear ship today.

April 20th. Monday we make sail at 2 A.M. with light airs from N. The wind veers round to SE, moderate cloudy and cold. We saw several sunfish and lower for one but did not get him. Today we saw the first log of driftwood.

April 21st. Tuesday we have strong gales from SE and S. Cloudy damp and cold. The wind moans sadly. It seems as if the spirit of the storm is hovering near. We saw several sulphurbottoms. No observation. This night at sunset we saw a right whale and took in sail. There has been abundance of whale feed about us all day. The water is coloured.

April 22nd. Wednesday is cloudy and damp with a strong gale from SSW and a heavy sea. We carry double reefed topsails and no jib. We saw 3 or 4 right whales. The Boats lowered once but did not get fast.

April 23rd. Thursday begins with heavy rain. The wind veers round E and SE with fog. In

the afternoon the wind blows quite moderate. We saw 4 right whale this forenoon. The boats lowered. They came up near Mr. Comstock. He went onto them but did not get fast. It does appear as if we are never to get another whale.

April 24th. Friday begins with rain. At 6 A.M. the wind comes suddenly from NW. by W and blows strong. We carry double reefed topsails with mainsail and jib in. At 1 P.M. we wear ship and take in sail, the sea being too rugged to lower boats. We saw 2 or 3 sulphurbottom.

April 25th. Saturday we have moderate gales from NNW with a cloudless sky. At sunset we saw a whale blow a long ways off, the only

jib and mizzentopsail, double reefed the fore and main and send before it NNW. Our goodly ship moves like a creature of life followed by the hoarse wailing of the spirit of the storm. The scene around us is such only as the ocean can present when lashed into fury by the spirits of the air. The gale increases from SSE and at 2 P.M. we let the ship come to under a close reefed maintopsail. We have plenty of fog and rain this day.

April 28th, Tuesday. This night the ship rolls deep and heavy. Toward morning the gale abates. We set the three topsails without reefs. At half past 4 A.M. we have moderate gales from S and SW with fog so thick that our vision was limited to 40 rods each way from the ship. No observation.

April 29th. Wednesday begins with thick fog and fresh gales from SW. Saw several sulphur-

bottoms. At 2 P.M. we lowered for a whale. He was going fast. We did not get nigh him. We thought him a right whale. At 3 P.M. the wind comes out fresh from NNW with fog squalls.

April 30th. Thursday we have moderate gales from NW till 2 P.M. Calm at 6, light airs from the Eastward. We saw several sulphur-bottoms and humpbacks.

May 1846 - North Pacific

May 1st, Friday begins with strong gales from the south and heavy rain which lasts till noon when the wind comes round west and pleasant and cold, cold. At 4 P.M. saw a cow and calf. We lowered but they showed no chance to strike. At sunset the west is verry mild. Yesterday a land bird came on board quite exhausted. The Captain put him in his room. Today he sings. It is gray like a sparrow and has very long legs.

May 2nd, Saturday. At one this night a severe gale begins from NW with snow squalls. At noon more moderate. We make no sail today. The snow that falls in the boats don't melt. Winter is here in reality. We keep a lookout but see no whale. At sunset the west wears a frowning aspect.

May 3rd. Sunday we have light airs from West and calm till 11 A.M. when a violent snow-storm begins and continues through the day.
